

## International Seminars in Life Sciences II

		Professor	topic	Institution
1	5 <sup>th</sup> Feb	Ole Jakob Bergfjord	Political risk in Life Sciences	Bergen Univ. College (N)
2	12 <sup>th</sup> Feb	Edgar Pérez	Food Nanotechnology	Univ. Politècnica de València (E)
3	19 <sup>th</sup> Feb	Paula Alvarenga	Phytoremediation as a soil remediation technology	Polytechnic Institute of Beja (P)
4	26 <sup>th</sup> Feb	Tarjei Alvær Heggernes	Big Data for Life Sciences	Bergen Univ. College (N)
5	5 <sup>th</sup> Mar	Stefaan Werbrouck	<i>In Vitro</i> plant Biotechnology	Ghent University (B)
6	12 <sup>th</sup> Mar	Tomasz Okruszko	World wetlands - global values and challenges	Warsaw Univ. of Life Sciences (PL)
7	23 <sup>rd</sup> Apr	Krisztina Szabó	Afforestation and trees in the mid-European towns	Corvinus Univ. of Budapest (HU)
8	30 <sup>th</sup> Apr	Martin Weih	Assessment of plant nutrient use efficiency	Swedish Univ. of Agricultural Sci. (S)
9	7 <sup>th</sup> May	Dittmar, Peter	Florida's horticulture industry and the role of the University of Florida	University of Florida (USA)
10a	14 <sup>th</sup>	Renata Kostogrys	Nutrigenomics – new nutrition perspective	Univ. of Agriculture in Krakow (PL)
10b	May	Sofia Pintilie	Applications of Nanotechnology in food industry	Banat's Univ. Timisoara (RO)
